Of the new material added, probably the most significant will be found in Section VII which pertains to the activities of the Un-American Activities Committee during their recent visit to the movie colony in Hollywood at which time various representatives of the motion picture industry appeared as witnesses. Also of interest is the interview had by the Los Angeles Office with screen actress [REDACTED]. During this interview, [REDACTED] offered her services as a source of information concerning Communist activities in Hollywood and explained her connections with Communist front groups as being due to her curiosity and interest in finding out about these various groups as well as the individuals connected with them.

These activities are being closely followed and all new information received in this regard will be incorporated into the running memorandum once each quarter, in order that you may be currently advised with respect to this situation.
